SAMPLE DOCUMENT / NOT A CUSTOMER RECORD

Water heater replacement record

Demo House | Demo ID DMO-ZGQC-1D7Q-DKRR | June 18, 2026

An illustrative service-history entry showing how the scope of work and follow-up documents remain associated with the home.

Service reference	DEMO-SVC-002
Recorded event	Water heater replacement
Location	Utility room
Equipment reference	DEMO-WH-02 / fictional equipment
Provider	Example Service Team (fictional)
Recorded date	June 18, 2026
Attachments in a real record	Paid invoice, equipment details, warranty and applicable inspection documentation

Work narrative

The example entry describes removal of the previous unit and installation of a replacement water heater. The record was updated to identify the new equipment and retain a place for supporting documents. No real work was performed or verified for this sample.

Handover notes

The fictional homeowner was shown where the supplied owner documents are kept. Serial numbers and personal billing information would remain in the private registry.

Record boundary

This is not an invoice, inspection approval, installation guide, or evidence of code compliance.
